## Proposition 65 Statement

Apple Rubber has decided to label all products with the following Proposition 65 warning label:

*These products can expose you to chemicals including carbon black (airborne and extracts), titanium dioxide, silica (crystalline), Diisononyl Phthalate (DINP), ethylene thiourea, acrylonitrile, 1,3-butadiene, epichlorohydrin, tetrafluoroethylene, ethylbenzene, formaldehyde, nickel (metallic and compounds), Polycyclic Aromatic Hydrocarbons (PAH), chloroprene, which are known to the State of California to cause cancer; and to 1,3-butadiene, epichlorohydrin, di-isodecyl phthalate, ethylene thiourea, which are known to the State of California to cause birth defects and other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).*

This statement has been given to all products supplied by Apple Rubber Products Inc.

Apple Rubber is committed to regulatory compliance. Although our products do not intentionally include every chemical identified in our Prop 65 warning, trace amounts or residual contaminants may be present in certain product lines. Given the extensive list of chemicals regulated by Prop 65, testing every shipment for trace amounts is not feasible. We provide this warning to ensure full compliance and customer awareness for all Apple Rubber products.

For any further questions or additional information regarding this warning label, please contact [info@applerubber.com](mailto:info@applerubber.com).
